Assessment Brief Compliance

Assessment Compliance Analysis

✓ Met Requirements - Provided a clear description of the error encountered, "Error: Expected UploadedFile object, but got bytes." - Demonstrated an understanding of the issue by attempting to resolve it. - Showcased an effort to troubleshoot and diagnose the problem.

✗ Missing Requirements - Failed to provide the actual uploaded file as required by the assessment brief. - Did not submit a functional assignment that meets the expected requirements. - Did not demonstrate a solution or workaround for the encountered error.

■ Priority Actions 1. Re-submit the assignment with the correct uploaded file. 2. Review the assessment brief to ensure all requirements are met. 3. Troubleshoot the error and provide a solution or workaround.
